BASSEM MOHAMMED NAGAH

Senior Creative Lead | Multimedia & Visual Design Expert

/// COVER LETTER

Dear Sir/Madam,

As a seasoned **Senior Creative Lead** with over **15 years** of excellence in visual storytelling and multimedia production, I am writing to express my enthusiastic interest in joining your esteemed team. Currently serving as a **Senior Graphic Designer / Multimedia Artist & Editor** at **Paradox Studios**, I have consistently bridged the gap between abstract vision and market-ready reality for some of the region's most ambitious Giga-projects.

My career is defined by a versatile creative force that spans branding, cinematic montage, and high-end photography. Having played a pivotal role at **Barajoun Entertainment Studios**, I spearheaded the creative execution for world-class productions including the "**Bilal**" feature film, and "**Ajwan**," "**Ziryab**," and "**Little Hero**" series. My work has been showcased on global platforms like **Netflix** and **Shahid VIP**, and broadcasted on the **SBC Saudi Channel**, meeting the highest international standards of the **MBC Group**.

Why I bring unique value to your organization:

Strategic Multimedia Leadership (Paradox & Barajoun): From managing the visual identities of **Qiddiya City**, **Six Flags**, and **Aquarabia** to directing cinematic assets at **Barajoun**, I excel at crafting high-stakes pitch decks and branding systems that secure stakeholder buy-in.

Cinematic & Production Mastery: My deep roots in the animation and film industry allow me to manage complex creative workflows, ensuring that every design element—from posters to trailers—aligns with global streaming and broadcasting requirements.

Proven Institutional Track Record: My experience with leading entities such as **Sharjah Cooperative**, **Epic Communications**, and **Egyptian Armed Forces** has equipped me with the discipline and strategic mindset to thrive in high-pressure, fast-paced environments.

Innovation & AI Integration: I stay at the forefront of the industry by integrating cutting-edge AI tools with Adobe Creative Suite mastery to optimize production timelines while elevating artistic integrity.

I am eager to bring my passion for innovation and my deep understanding of the MENA region's creative landscape to your team. I am confident that my background in directing visual narratives for both major cinematic productions and urban Giga-projects will drive impactful outcomes for your upcoming initiatives.

Thank you for your time and consideration. I look forward to the possibility of discussing how my skills can contribute to your continued success.
